Laurent Gondard is the 3rd generation of wine growers on this domaine located in the 'Les Virollys' area of the village of Viré, in the heart of the Mâcon wine region. His parents and grandparents, members of the Viré wine cooperative, passed on to him their perfect knowledge of the domaine's terroir and vineyards. After twenty-two years working with the cooperative, Laurent Gondard created his own domaine and new vat room in 2008. The domaine owns 22 hectares in Viré and Clessé. The wine labels feature an image of the stained glass window from the Abbey of Cluny commemorating a 12th century Cluny coin.
