THE ESTATE

Established in Fleurie in the Rhône department since 1955, Frederic Perrier, who represents the 3rd generation on the 17 hectares vineyard, took over the family estate. Since 2007, this passionate offers the possibility to buy its different appellations to the property. The diversity of the terroir allows this winemaker to produce different cuvées, such as vintages aged between 60 and 100 years old, known for its purity and the quality of the berries.
