Descended from a family of winemakers and fascinated by wine since his youth, Guillaume Belle is at the head of this estate of 7 hectares, in the hearth of the Crozes Hermitage appellation since 2010. In early 2012, after several years working on the family domaine, he had the opportunity to acquire a beautiful vineyard. Located in the Northern Rhone Valley, north of Valence, the vineyards stretch over in two communes of Beaumont-Monteux and Larnage allowing to express famous grape varieties: Syrah, Roussanne and Marsanne. In the qualitative approach, all the vineyards are farmed organically and a particular attention is given to each vine to carefully manage its yields and let the terroir express itself.
