This Champagne House is situated in Vandières, just behind the village ramparts on the right bank of the Marne River. It was established in 1974 by Denis Salomon and has been producing champagnes since 1996. His son Nicolas took over in 2004 and installed a new vat house with all the facilities required for single-vineyard vinification as well as a new Coquard press. This wine domaine currently covers 5 hectares of vines. It is HVE (High Environmental Value) certified and has been undergoing organic conversion since August 2020. The exceptional clay terroirs of Vandières are planted with high-quality Meunier and Chardonnay vine stocks on steeply sloping south-facing hillsides. These two varietals form the backbone of Denis Salomon champagnes and are occasionally blended with juicy Pinot Noirs from Boursault and Venteuil.
